

## **“Garden Founders” Sponsorship Form**

The Henderson Park Community Garden, currently under construction, will consist of 56 4x10 plots: 52 rental plots and 4 plots for growing food for a local food pantry. While there are approximately 80 community gardens in DeKalb County, the Henderson Park Community Garden will be the first in Tucker.

**Our mission is to strengthen community; enable the cultivation and consumption of wholesome, homegrown food; provide an environment for hands-on education in organic gardening; foster an intergenerational gardening experience; and enhance the beauty of neighborhood green space.**

We plan to install a “Garden Founders” plaque on the fence near the entrance to the garden. Garden Founders sponsorship costs only \$100 and delivers these significant benefits:

- Demonstrative support for the first community garden in Tucker, an organization of “community-minded” members who value conservation, self-reliance, and neighborhood beautification.
- Exposure within and among community gardens and the organizations that support and promote them - Park Pride, the Atlanta Community Food Bank, DeKalb County, and the American Community Gardening Association.
- Promotion of your business through a link on our web site ([www.hendersonparkgarden.org](http://www.hendersonparkgarden.org)).
- Recognition of your business on our permanent Garden Founders plaque.

In addition, all donations are tax-deductible through our fiscal partnership with park Pride, a 501(c)(3) nonprofit organization.
